

RADICAL CHANGE IN TAX-RAISING NOW SUGGESTED

Columbia Professor Cites the
Need of More Funds for
Public Education.

CLEVELAND, Feb. 27.—The difficulty from which education is suffering, that of revenue, can be adequately met only by revolutionary changes in our fiscal machinery, and our government organization, Prof. Robert M. Haig, of Columbia University, told the department of superintendence of the National Education association here today.

"It is hopeless to continue to depend upon the general property tax as the sole source of state and local revenue if we are to finance the program of public education," he said. "Our facts appear to show that a change of far-reaching importance has been taking place in the character of our economic life. Our figures show that in 1920, the total public revenues of this country, national, state and local, were in excess of eight billion dollars, which means that approximately 18 per cent of our total income was spent in connection with public enterprises. We now do nearly a sixth of our work collectively under government control.

"Taxes for education amounted to 30 per cent of all state and local revenues in 1920. The problem of school taxation is the problem of taxation in general.

"If greater returns can be obtained by using a dollar's worth of economic effort in connection with public action, then it can be obtained by having it in the pockets of people to be privately spent, it is merely common-sense—not socialism—to spend that dollar collectively.

"I should like to commend to your earnest consideration and possible support the program of the National Tax Association. This plan calls for the abandonment of the attempt to tax intangible personal property under the general property tax. It suggests substituting the tax on tangible property with statewide levies on personal and business incomes along the general lines worked out in the tax systems of New York, Massachusetts and Wisconsin. There is general agreement among those who have given thought to the problem that this program offers the next logical step in tax reform in most of our states.

"Surely, after a century of free public education, we should be able to count upon a body of citizens intelligent enough to grasp the problem; energetic enough to grapple with it, and wise enough to work out a second solution."

County Treasury

Will Be Reopened
SALINAS, Feb. 27.—James Taylor, suspended county treasurer of Monterey county, has informed the supervisors that he will give J. E. Steinbeck the combinations to the vaults and safes and extend all courtesies possible as soon as Steinbeck qualifies to take the office as his successor.

Taylor is under suspension pending the hearing of grand jury charges of embezzlement. Supervisor George Dudley, previously chosen to succeed Taylor, declined the appointment when he heard he would have to resign as a member of the board and Steinbeck was appointed instead. The office will be opened this week after being closed since February 9.

Sculptor Leaps Out Of Window, May Die

SAN FRANCISCO, Feb. 27.—For the third time within four days Julius Hoff, sculptor and artist, of 439A Twenty-fifth street, attempted to commit suicide early this morning and is in a sinking condition at the Mission emergency hospital. Slipping from his bed Hoff eluded the vigilance of his wife, opened the window and jumped out, falling 30 feet. Mrs. Hoff screamed and neighbors notified the police. Hoff sustained a possible fracture of the skull and internal injuries.

Woman Takes Poison Tablets By Mistake

SAN FRANCISCO, Feb. 27.—Unable to locate the electric light socket in her room early today, Miss Lillian Hobson, bookkeeper, living at the Washington Hotel, Grant avenue, and Bush street reached for a box of headache pills on her dresser in the dark. By mistake her hands touched a box of poison tablets and a few moments later she realized what she had done. She notified the night clerk and a taxi cab was summoned. She was removed to Lane Hospital.

Broomstick Removed From Throat of Cow

JERSEYVILLE, Ill., Feb. 27.—To dislodge an ear of corn from the throat of a shorthorn heifer, whose greed for the grain resulted in her swallowing it whole, Fred Breilweiser used a broom handle. The handle broke and a veterinary surgeon performed an operation to extract two feet of the corn which remained in the cow's throat. The heifer is recovering at the Breilweiser farm.

Wins Suit Against Bad Seed Firm

LOS ANGELES, Cal., Feb. 27.—Ben Miller filed suit against a seed company. Miller purchased \$12 worth of what was purported to have been golden yellow celery seed. The seed grew green celery, alleged to be valueless. A jury gave Miller \$4000 damages.

TRAFFIC "COP" APPOINTED

CIGARETTE ACT BREAKER CONVICTED

Store Woman Found Guilty of Selling to Students of High School; Offender to Be Sentenced Tomorrow

Witnesses Tell in Court of Seeing Girl Pupils Smoke in Store; School Authorities Ask Support in Drive

After several witnesses, from students to officials of Oakland Technical High school, told from the witness stand their knowledge of sale of cigarettes to minors and of smoking parties, in which school girls took part, Mrs. Anna M. Negas, proprietor of a neighborhood store at 4301 Telegraph avenue, was found guilty today of selling cigarettes to minors by Police Judge William Hennessey. She will be sentenced tomorrow morning.

The woman's conviction marks the first victory in the campaign carried on by Police Commissioner Frank Colbourn, Police Chief James T. Drew and Superintendent of Schools Fred M. Hunter, against neighborhood stores and soft drink parlors located in the vicinity of Oakland's educational institutions, which are said to be doing a wholesale business by furnishing girls and boys students with cigarettes and bootleg liquor.

GIRLS SEEN SMOKING IN STORE.

Two boys, students of the Oakland Technical High School, located in close vicinity of the store, and about 16 years old, as witnesses, told of purchasing cigarettes from Mrs. Negas, and of seeing girls smoking in the store building. Added to their testimony was the declaration of officials of the school who told of their efforts to stamp out the cigarette and booze habit before it got a strong hold upon the scholars.

Mrs. Negas was arrested by Police Corporal William Halldeman of the Northern Station on February 16, as a result of a complaint sworn to by Fred Roehrig, 16, 2026 Twenty-fourth street, a student of the Oakland Technical High School, after she was alleged to have sold cigarettes to Roehrig and another boy.

BOY TELLS OF MAKING PURCHASES.

Called to the witness stand during the trial today, the complaining youth, testified that he was 16 years old and that on February 16 he and another school boy, Edgar Rosier, of 629 Polk street, entered Mrs. Negas' store, purchased some candy and then bought cigarettes. It was the second time they had been in the store, he said.

Asked by Prosecuting Attorney Milton Stiles if he had ever observed anything of an immoral nature in the store, the witness said that he saw a young girl smoking a cigarette in the store. Rosier followed his claim to the witness stand and told practically the same story.

Hugh Morrison, 3040 Sixty-second street, another Technical High school student, testified that he had been in the Negas store about 30 times and that on about six times out of the thirty he had seen a girl smoking cigarettes. He said that he saw several girls in the store, but never observed more than one smoking at one time. He told the court that after this he discontinued having his lunch there.

Mrs. Negas, proprietor of the store then took the stand in her own defense.

WOMAN ADMITS SELLING CIGARETTES.

She admitted selling cigarettes to students from the school, but said that in each case the boys declared that they were more than 18 years of age.

"I never saw or allowed any girls to smoke in my store," said Mrs. Negas. "There is a sign up, which says no smoking allowed."

Placed on the witness stand by the prosecution in an effort to discredit Mrs. Negas' statements, Corporal Halldeman gave an idea of the interior of the store building. He said that, if the proprietor was in the store, she could not have helped seeing anyone smoking, but that she might not observe them if she was in the kitchen, which is slightly at the rear. The police officer testified that Mrs. Negas had told him that one of the girls who came in the store smoked, and

Bright Star of Cetus Bursts Into Flames

Beta Ceti Becomes of First Magnitude by Breaking Precedents.

PARIS, Feb. 27 (By United Press).—A bright star of the Cetus constellation, visible with the naked eye and known to astronomers as Beta Ceti, has burst suddenly into flames and become of the first magnitude, an unprecedented event in the history of astronomy.

Professor Camille P. Flammarion of Juvvis observatory, whose speculations regarding the end of the world, has brought him prominence recently, today confirmed reports regarding the star's extraordinary behavior, which first reached Paris from Dr. Abbott at Athens.

Beta Ceti, the evening star, which has doubled in brilliancy, something hitherto unknown in so-called "bright stars," is so far from the earth it takes eighty years for its light to reach us. The star Beta Ceti is at the extreme left of the Cetus, or Whale group, visible low in the west just after sunset.

OCURRENCE IS CALLED UNPRECEDENTED.

Professor H. N. Russell of Princeton university, commenting on the reported sudden increase in magnitude of this star, said the occurrence described is unprecedented and that the entire scientific world will await with interest the report of those fortunate astronomers who first bring the flaming constellation under the most powerful telescopes.

It is not unusual, Professor Russell said, for a remote star, usually a "red" one, to flare up and outshine its fellows for a brief while and then die away. Mrs. one of Beta Ceti's mates in the Whale family is given to such stunts, he said. But for a star that has always been regular and visible to the naked eye to behave in this way is unheard of. Professor Russell said, however, that there was no danger to our planet in the phenomenon, nor would the action be communicated to other star groups.

The constellation Cetus is visible plainly in the Eastbay now in the southwest sky between 7 and 8 o'clock. The brightest star is Mira, a variable. To the right and below Mira runs an irregular row of stars of less magnitude, the last of which is the star Beta.

reference to which was made by Professor Charles Burckhalter of Chabot that "Flammarion is noted as a romanticist in astronomy."

SAYS HE'S LIKELY TO EXAGGERATE.

Assistant Professor David Sprong of the Student Observatory of the University of California says that the distinguished Frenchman "has a tendency to exaggerate" and to speculate on matters pertaining to the high heavens, though he entertains no doubt of Flammarion's eminent services to science. Both Professor Burckhalter and Dr. Sprong, as well as Professor O. O. Leuschner of the University of California declare that they have not observed the burning star, and they state that such observation is the proper function of the Lick Observatory on Mount Hamilton.

According to Professor Burckhalter there is a possibility that one of the causes for the report that Beta is being consumed by fire may be found in the great variety of the stars making up the constellation of Cetus. One of these stars, says Professor Burckhalter, is Mira, and this star especially is distinguished for the characteristic that it is, at some times, of much greater brilliancy than the others.

ARE AMONG LEAST UNDERSTOOD PHENOMENA.

In a recent article Professor Henry Norris Russell states in this connection:

"Joy, from Mount Wilson, reports remarkable observations of the spectrum of the long-period variable Omicron Ceti, for Mira, at minimum. The familiar spectral lines fade out, or almost disappear, though the bands due to titanium oxide are still strong, while a new spectrum is revealed, strong in the violet, with bright lines of hydrogen and helium. This spectrum, alone, would be attributed to a very hot and bright star, but it clearly belongs to the variable which is fairly near us in space and, at minimum, is much fainter than the sun. What it means no one knows at present and it may take a good deal of work to solve it."

variables with their enormous fluctuations in light—ranging in some cases from fifty times the sun's brightness down to a mere five per cent of the sun's luminosity—are among the least understood of astronomical phenomena.

SENATORS TO DELAY COURT FOR NATIONS

Foreign Relations Committee Decide to Postpone Its Action on International Tribunal Till Next Session

Information Is Sought On Powers and Jurisdiction Before U. S. Enters Pact; Figure on Reservations

BY ASSOCIATED PRESS LEADERSHIP TO TRIBUNE.

WASHINGTON, Feb. 27.—The administration will abandon efforts to obtain government aid for the American Merchant Marine with the failure at this session of the shipping bill, it was indicated at the White House. It was said that no effort would be made at the next session of congress to have such a bill passed.

BY ASSOCIATED PRESS LEADERSHIP TO TRIBUNE.

WASHINGTON, Feb. 27.—Postponement of action until the next session of congress upon President Harding's request for authority to enter the international court set up by the League of Nations was virtually decided today by the Senate foreign relations committee.

No vote was taken, but senators representing all views said the consensus of opinion was that the matter could not be brought before the Senate in the time remaining before the present session ends. The committee decided, however, to ask for further information. Senator Lodge, of Massachusetts, chairman, said he expected to confer tomorrow with President Harding.

Information deemed necessary by the committee relates especially to the powers and jurisdiction of the international court and the form of adhesion of other nations to it, including what reservations they should adopt.

Senator Borah, Republican, Idaho, presented the committee resolution calling upon the President for further information. It was adopted without a record vote, but with Senator Kellogg, Republican, Minnesota, expressing his disapproval.

By LAWRENCE MARTIN, United Press Staff Correspondent.

WASHINGTON, Feb. 27.—The foreign relations committee wants President Harding to clarify his proposal for membership in the court of international justice, created under the League of Nations, before taking action. The committee today instructed Senator Lodge to get additional light on three points. They are:

1—Whether the international court is to be in fact a court or more an arbitration tribunal.

2—What reservations have been made by other nations ratifying the protocol creating the court.

3—Whether American adhesion would involve the United States under labor clauses under the Versailles treaty.

BRITISH SEE CHANGE IN ALOOFNESS POLICY.

LONDON, Feb. 27.—(By the Associated Press).—President Harding's proposal for the participation of the United States in the court of international justice receives much attention in today's newspapers which interpret it as an important sign that American aloofness in European affairs is being amended.

N. Y. Woman Slayer Gets 20-Year Term

BY INTERNATIONAL NEWS SERVICE LEADERSHIP TO TRIBUNE.

NEW YORK, Feb. 27.—Mrs. Lillian S. Raizen was sentenced to twenty years to life in prison today for the murder of her husband, Harry Raizen, a Brooklyn physician. She was convicted of second degree murder.

Justice Crosey denied a motion made by Albert Conway, attorney for Mrs. Raizen, to set aside the verdict. The courtroom was crowded when the sentence was pronounced.

Work Becomes Successor to Secretary Fall

Senator New, Defeated for Re-election, Given Postmaster-Gen. Portfolio.

WASHINGTON, Feb. 27.—(By United Press).—President Harding today gave Senator Harry New of Indiana, recently defeated for re-election, a place in the cabinet. The President sent to the senate the senator's nomination to be postmaster-general. New succeeded Postmaster General Hubert Work of Colorado, who today was selected as secretary of the interior, to succeed Albert B. Fall, whose resignation becomes effective March 4.

The nomination of New was at once confirmed. In putting New in the cabinet, the President is standing by an old friend. Some factions of the Republican party in Indiana have been bitterly opposed to the appointment. New is considered one of the ablest political leaders in the party.

Work, being a western man, has been keenly interested in matters coming under the jurisdiction of the interior department. New is 64 years old. He was born in Indianapolis, and spent most of his life in Indiana. He was elected to the senate in 1916, but was defeated for reappointment by Senator Beveridge in the primaries last year.

Work is 62. He was born in Indiana county, Pennsylvania. For many years he was a prominent physician. President Harding first named him as assistant postmaster-general and then elevated him to the head of the department when Will Hays resigned to become czar of the movies.

The nominations were sent to the Senate today. Brigadier General Frank T. Hynes, at present deputy chief of staff of the army, today was appointed director of the U. S. Veterans Bureau to succeed Colonel Charles R. Forbes, who recently resigned.

Charles E. Warren, American ambassador to Japan, will submit his resignation formally within a day or two, he announced after a conference with President Harding at the White House today. Warren said he would ask that it be accepted at once, saying he had finished the work he had been sent to accomplish in Japan and desired to return to his private affairs. The President is expected to name his successor this week.

R. M. Tobin Named Minister to Holland

WASHINGTON, Feb. 27.—Richard M. Tobin of California was nominated by President Harding today to be minister to The Netherlands, filling the vacancy caused by the appointment of William Phillips as Under-Secretary of State.

Richard Montgomery Tobin, one of the best known figures in San Francisco's financial circles, and famous as a polo player, today refused to make any comment upon his appointment.

Tobin was born on April 19, 1866, in San Francisco. He was the son of Mary Regan and Richard Tobin. He was made a director of the Hibernia bank in 1893; appointed secretary and treasurer of the institution in 1906; president of the Associated Savings Banks of San Francisco, chairman of the San Francisco group of California Bankers' Association, 1922; chairman of the Roosevelt Republican League of California, 1916; chairman of the Republican ways and means committee of northern California, 1920.

Tobin entered the armed service on Dec. 19, 1917, when he was appointed a lieutenant in the United States naval reserve force, class 4. On Jan. 18, 1918, he was ordered to Paris as the representative of the United States to the American commission to negotiate peace at Paris. He served in that capacity until officially detached on March 25, 1919. He returned to the United States and was placed on inactive duty April 17, 1919.

TOMB RELICS HELD STOLEN GOODS.

NEW YORK, Feb. 27.—King Tut-Ankh-Amen, who has achieved more publicity, 3000 years after his death than most stage stars do through a life time of trying, was not such a rich man after all, according to Professor Roger W. Rogers of Drew Theological Seminary, an author of archaeological books. Jewels and ornaments found in the king's tomb are "stolen goods" cached there by native priests thousands of years ago who took

French and Egyptians Plan to Deprive Discoveries of Pharaoh's Sepulchre of the Rewards of Their Labors

Relics Likely to Be Kept in Museum at Cairo, Luxor; Son of U. S. Expert Among Excavators Tells of Clash

CHICAGO, Feb. 27.—(By the Associated Press).—Bringing the

first eye witness story of the opening of the outer part of King Tut-Ankh-Amen's tomb at Luxor, Egypt, Charles Breasted, son of Dr. James H. Breasted, Egyptologist of the University of Chicago, who is now in Luxor with the expedition which unearthed the ancient resting place of the monarch, has returned to Chicago. Breasted declared that much strife and ill feeling are being engendered among nations and individuals over the finding of the priceless treasures.

"The excavators who found the tomb probably will not get any of the articles they found," he said. "The whole thing has been woefully mismanaged. Under an old treaty, England was given the right by the French to carry on the excavations in search of the tombs. Now the French are jealous of the find made by the British."

"The minister in charge of Egypt some time ago had an order issued that the English Egyptologists could have half of all the treasures found. The present minister now is attempting to get a law through so that the excavators have nothing. This probably will result in the work being stopped and the Metropolitan Museum expedition there is expected to be recalled."

"The Englishmen who found the tomb will probably get little or nothing, except possibly a gift of some kind from the French government. The weight of public and official opinion very likely will result in all of the treasures being placed in a museum at Cairo or Luxor."

"It probably will require another year to remove all the articles from the tomb. They do not know how many chambers there are to open. I left before the opening of the chamber, where his body was located. The excavators have no desire to be 'grave robbers.'"

The mummy of the king will probably be left undisturbed, but the antiques will be placed in a museum.

JUST GRAVE ROBBERS, SAYS CORNELL DEAN.

ITHACA, N. Y., Feb. 27.—The motive "that leads men like Lord Carnarvon to show such utter irreverence for dead men's bones" as to invade tombs like that of King Tut-Ankh-Amen in Egypt is depicted by Professor W. A. Hammon, dean of Cornell university. In a lecture before his class in philosophy yesterday, he said:

"The twentieth century shows

would you like it if three thousand years from now the Saracens had superseded our civilization and had broken into George Washington's tomb at Mount Vernon.

"How would you like it if Abraham Lincoln's bones were carried off to Constantinople and placed on display in a museum? Yet that is precisely what Lord Carnarvon now is doing while the scientific world applauds."

TOMB RELICS HELD STOLEN GOODS.

NEW YORK, Feb. 27.—King Tut-Ankh-Amen, who has achieved more publicity, 3000 years after his death than most stage stars do through a life time of trying, was not such a rich man after all, according to Professor Roger W. Rogers of Drew Theological Seminary, an author of archaeological books. Jewels and ornaments found in the king's tomb are "stolen goods" cached there by native priests thousands of years ago who took

FILM PLAYERS BADLY BURNED

Esther Ralston Rescued by William Desmond; Ten Persons Injured.

BY ASSOCIATED PRESS LEADERSHIP TO TRIBUNE.

LOS ANGELES, Feb. 27.—A "props" fire at Universal City, a motion picture suburb, yesterday resulted in ten employees, including Esther Ralston, Kathleen Calhoun and William Desmond, actors, being badly burned.

Desmond and Miss Ralston were playing in a cabin set and flames were in use to simulate flames lighting woodwork. They did their work too well. Desmond carried the actress out of the cabin and extinguished her burning clothing by rolling her in the weeds. She was burned about the face, hands and body, and fainted before reaching a hospital. Desmond's hair was singed.

Others injured included Robert F. Hill, director; Lewis Sargent, actor; Eddie Dodds, property man; "Buddie" Harris, and three electricians.

The damage was estimated at \$10,000.

Wood's Son Hurt In Auto Accident

MANILA, Feb. 27.—(By the Associated Press).—Lieutenant Osborne Wood, son and aide of Governor General Leonard Wood, was slightly injured when an automobile in which he was returning from Baguio overturned last night. The lieutenant suffered a lacerated hand. His Philippine chauffeur steered the car into a rice paddy to avoid collision with an automobile driven by Speaker Manuelo of the Philippine house of representatives. The chauffeur sustained internal injuries, and a Chinese valet, was cut by glass.

Japanese Suffrage Leads to Diet Fight

TOKYO, Feb. 27.—(By the Associated Press).—The

the lower house of the diet broke up in a free fight with the universal suffrage bill, with the debate on the measure still unfinished.

The two parties in the diet, the Seiyukai or government side opposing the suffrage measure, and the Kenmeikai or opposition favoring it, had agreed to take a vote today. However, as the vote was about to be called opponents of the bill rushed to the rostrum, endeavoring to continue the debate. A free fight ensued and the speaker adjourned the session.

Activities of WOMEN

Ebell Club May Leave State Club Federation

By EDNA R. KINARD.
Ebell is considering divorcing itself from the California Federation of Women's Clubs. The question will be brought before the regular business meeting of the club Tuesday, March 6. Discussion will be followed by a decisive vote, according to the present plans of the board of directors.

News that the local culture club, one of the oldest in the city, has contemplated action which would separate it from organized women has created wide discussion in federation circles. With a membership of more than 600, a withdrawal of this important group is regarded as a serious matter by district and state leaders. Many Ebell women have occupied places of distinction in both district and state federations. The loss of membership in the California Federation of Women's Clubs would automatically conclude their activities.

In 1900 Ebell cast its lot with the State Federation. The question of withdrawal follows an affiliation of 23 years. Miss Belle Sherwin of Cleveland, Ohio, second vice-president of the National League of Women Voters, will be the guest of the local women from March 9 to 12. The distinguished visitor is particularly interested in efficient government and in "Americanization," or "citizenship" schools. The program for Miss Sherwin's visit is being framed by Miss Marion DeLany, president of the California Civic League of Women Voters, and Mrs. William Palmer Lucas, regional director of the National League. Conferences on efficiency in government will be held during Miss Sherwin's sojourn in the city. The program of the Civic League, directed by Mrs. Frank G. Law, state chairman.

Miss Sherwin is a member of the board of trustees of Wellesley College. The annual dinner of the Oakland Women's Bowling Club will be an elaborate affair held Wednesday, March 7, at the Fremont clubhouse. Invitations have gone out for the important spring event this week.

Protest at the name "Humboldt" for the new branch of the Piedmont Exchange has been filed by the Pioneer Women of Oakland. In a communication sent to the telephone company attention is called to the fact that "Humboldt" has no significance in local history. The names "Algon" or "Clarendon" are suggested as substitutes, because of their early associations.

Pioneer Women of Oakland have called an important meeting for Thursday at 8 p. m. in the Chamber of Commerce for the purpose of outlining plans for the early summer festival, which will produce a replica of Oakland of a half-century ago.

Carol Aronovitch will be the speaker before the College Women's Club tomorrow afternoon, outlining the general plans for the beautification of Berkeley. The program is arranged under the direction of the civics section, Mrs. Cornelia Tibbitts, chairman. The college women are particularly interested in municipal planning because of their property holding at College avenue and Bancroft way.

Mrs. W. A. Fitzgerald, president of California Federation of Women's Clubs; Mrs. R. P. Walker of Stockton, chairman of the department on motion pictures, C. P. W. C. A. building will be the speaker at a meeting of the San Francisco district, C. P. W. C. A. and Mrs. Richard Onions, representative of Alameda better films committee, have been invited to be speakers tonight before the Berkeley better films committee, meeting in the College Women's clubhouse, 2643 Bancroft way. Forty-two Berkeley organizations will send delegates. Mrs. John F. Schilling is chairman of the general committee.

A cafeteria supper in the Oakland Y. W. C. A. building will be given to the members of the Business Women's Forum tonight to hear Mrs. Mabel McBride review her experiences as a war worker overseas. Mrs. McBride achieved distinction in cafeteria work at Camp Lewis before she enlisted for work on the other side. She spent two interesting years in Prague.

Mrs. Peter J. Kramer will address members and guests of Hawthorne Parent-Teachers' Association in the school bungalow tomorrow at 2 p. m. She will discuss the relation between the home and the parent-teacher association.

Founders' day of the National Congress of Mothers will be celebrated tomorrow by Longfellow Parent-Teachers' Association. A program of addresses by federation leaders will be supplemented with music and a playlet produced by students. A tea will conclude the hour.

Fremont High School Parent-Teachers' Association is taking the lead on the Pacific Coast in organizing mothers of students into sections paralleling the classes. Parents of junior pupils are called together tomorrow for a conference in the Little Theater of the school. The week following sophomore and freshmen mothers will meet. A union meeting will be held regularly on the third Wednesday of each month.

J. D. Rockefeller Pays Million for "Lost" Tapestries

NEW YORK, Feb. 27.—Six tapestries woven about 1450 for the Duke de la Rochefoucauld, in France, and which were lost in 1804, are hanging in the home of John D. Rockefeller Jr., the New York Evening Post said it had learned.

According to the newspaper, the tapestries were shown in the Anderson galleries here last November and admission was by card only. On the third day the tapestries were suddenly withdrawn without explanation and it was understood they had been acquired by an American collector for \$1,000,000.

Although something of a mystery was made of the matter at the time, no general interest was aroused until disappearance of the tapestries was noted in Paris and the Bon Soir and other publications addressed various questions to the minister of fine arts, with the usual protest against France losing her art treasures.

Controversy then developed over the question of whether Count Gabriel de la Rochefoucauld ever had promised not to permit the tapestries to leave France, and whether a sale would not violate French law on the preservation of national patrimony. In some quarters it was held that the law had not been violated, because the state had not owned the tapestries and a duplicate set existed in the Cluny Museum.

According to the Evening Post the tapestries—which included "The Hunt for the Unicorn" and "The Fall of Man"—were the finest in France—after having rested for years in the castle of Verteuil, the seat of the La Rochefoucauld family, passed last fall through the customs in the regular manner.

Miles Bosworth, architect, admitted today that the tapestries had been purchased by Rockefeller through himself as agent. He declared, however, that the tapestries were now in transit from London and had never been in the Rockefeller home.

"When the tapestries were shown here last fall," he said, "they were offered for sale to Rockefeller. We looked at them and decided they were not in proper condition. However, I took an option on them for Rockefeller. They were taken to London for conditioning and we bought them only recently. They have not been delivered."

ORMOND BEACH, Fla., Feb. 27.—John D. Rockefeller Jr., through his secretary, last night refused to talk concerning the story published in the New York Evening Post that six tapestries woven for the Duke de la Rochefoucauld, the whereabouts of which recently was made the subject of an official inquiry in Paris, were hanging in his home.

Reforms With Year

TOKYO, Feb. 27.—Several important reforms came into effect in Japan proper and Formosa with the opening of 1923. Juvenile courts were opened, more up-to-date bankruptcy and attachment laws became effective and the Japanese civil code, with slight modifications and changes was put in operation in Formosa.

Baron Kato, the Prime Minister, in his New Year's message to the people promised further reforms in administration during the coming year. He said: "The existing administrative system of the country leaves much to be desired and improved. But such improvement should be sought by degrees instead of by leaps and bounds, especially where the systems concern the fundamental structure of society or the very basis of national existence."

Mrs. Frank Wishon, who makes her home at the Whitecotton in Berkeley, is entertaining as her house guest, Miss Katherine Barnhart of San Diego. Miss Barnhart is a Delta Gamma and has many friends in the bay region who will greet her during her sojourn in the college town. This afternoon Mrs. Wishon was hostess at a bridge tea for her guest and Miss Claire Lowe, who is the bride-elect of Robert Houston.

Among the guests at this afternoon's bridge were Mrs. Harold Havre, Mrs. Fitzgerald Marx, Miss Claire Lowe, Miss Katherine Barnhart, Miss Jean Bush, Miss Leonie Brown, Miss Ruth Lowe, Miss Edwards, Miss Vera Lewis, Miss Eleanor Campbell, Miss Nancy Page, Miss Rebecca Gray, Miss Grace Ziegenfuss, Miss Laura Peart, Miss Anna May Sibbett, Miss Elizabeth Howard, Miss Jane Howard, Miss Elizabeth Ten Eyck, Miss Mary Clark, Miss Frances Clark, Miss Virginia Norvell, Miss Isabelle Leighold, Miss Caroline Horner, Miss Gertrude Matthews, Miss Laura Pike, Miss Kathryn Fox and Miss Nell Will.

The marriage is announced of Miss Louise C. Simpson of Alameda and Joseph Russell Knowland Jr., son of Joseph R. Knowland which took place last Wednesday in Sacramento. Rev. Dr. Bennett of Sacramento read the marriage service. The couple have returned and young Mr. Knowland, who is a junior student and a member of the Sigma Alpha Epsilon fraternity at the University of California, will resume his college course this morning. The result of a romance which had its inception at the Alameda High school.

Thursday Mrs. Gustav Lundberg, who has been the guest of her parents, Mr. and Mrs. William A. Barbour, in Piedmont for the past month, will return to her home in Seattle. Many interesting affairs have been given for the young matron during her stay in Piedmont. Mrs. Lundberg was Miss Anna Barbour.

Miss Marjorie Blair of the Coulthard apartments, has sent out cards for an afternoon of bridge in the near future, the guest of honor to be Miss Ada Gray, a bride-elect.

JUNIOR LEAGUE PLANS CARD PARTY.

In March the Junior League of the Ladies Relief Society is planning a card party, a large affair from which they expect to make sufficient funds to cover the repapering and refurbishing of the children's nursery. The younger members of the organization have pledged themselves to look after the welfare of the wee ones of the home and already have made attractive spreads for the little beds that line the nursery. The original personnel of twenty-five members has now increased to nearly 150 and in different groups, the younger matrons and girls are taking up their work for the year. Miss Elizabeth Mages is one of the leaders in the work and Miss Elizabeth Moore, president. Miss Moore will leave tomorrow for a tour of the European countries with her parents, the Walton N. **Chicago's Phones
Are Always Busy)**
CHICAGO, Feb. 11.—(U.P.)—

A dazzling cavalcade of numerals just paraded before the Illinois Commerce Commission by William H. Crum, telephone engineer of the City of Chicago, seems to indicate that the line is nearly always busy. Maybe it's nearly all business.

that it's more than likely a couple of thousand sweethearts being called up and sent off to incessantly by swaggering Gomer's who keep four or five on the string all the time. Anyway, Crum said Chicagoans used the instrument more than New Yorkers. On the other hand, San Francisco, Atlantic City and Washington use it more often by proportion to population.

PRIZE OFFERED FOR BEST TITLE OF NEW SERIAL

Brief Outline Gives Resume of Story on Which to Base Winning Name.

The rock wall was solid. It sloped upward for a sheer hundred feet. The quartz outcroppings were bare. There was no hiding place.

And yet a voice issued from this wall of rock.

Eleanor May Cullen listened to the words that leaped at her out of the barrier. She answered them, and with the echo of her voice the pendulum of her life swung downward.

What she heard and what she said involved her in one of the strangest conspiracies ever hatched. It had to do with "dope," opium, morphine, smuggling, the traffic in morphine.

Thus runs THE TRIBUNE'S big serial story on the narcotic traffic, for a title for which this paper is offering a prize of \$15.

Imagine the feelings of an Oakland girl who suddenly is brought to a realization of what the opium trade means to thousands of dope fiends. She is thrown into the very midst of a "dope" conspiracy. Then try to figure a title for a novel depicting her struggle against this evil.

From the poppy fields of Bengal, India; from the mountains of Persia; from Konia, in the Turkish empire, and from Smyrna, a sticky, black substance pours out over the

Former Salvation Army Captain to Organize Band of Young Folk for Tour.

NEW YORK, Feb. 26.—Rheba Crawford, former Salvation Army captain, who recently resigned after her arrest in Times Square for conducting a religious meeting that obstructed traffic, intends to organize a band of young people to accompany her on her proposed evangelical tour of the country.

More than a thousand of her friends and admirers gave her a farewell party last night in a theater, at which she explained her plans.

Will Rogers, the comedian, who introduced Miss Crawford, said she was the only person in New York he could introduce to his friends without an apology. He said he knew of bootleggers who after hearing her speak at open-air meetings, had cut their prices \$5 a case.

world, debasing human souls, destroying courage, killing manhood and making of its victims criminals, thieves and degenerates. Trace this vicious flood from its source until it reaches the yellow, stony fingers of the "gutter hypo" and you have the theme of this big, purposeful TRIBUNE serial story.

Many names have been considered and discarded. They were not significant enough. THE WHITE DEATH, THE HOPEHEAD, THE DOPE FIEND, DREAM STUFF, OPIUM, MORPHIA, DOPE, THE SMUGGLERS.

Mail your suggestion to Title Contest Editor, THE TRIBUNE, and, if your name is chosen, you will receive a prize of \$15.

ARMY BOAT MISSING SINCE SUNDAY, 2 ABOARD

McDowell Launch Dis-
appears; Engineer and
Soldier on Board.

SAN FRANCISCO, Feb. 27.—Search by army authorities was continuing today for the missing launch No. 89-B, which has been lost on San Francisco bay for the past forty-eight hours. The boat belongs to the post exchange at Fort McDowell and was used to carry supplies between the station and San Francisco.

Known to have been aboard the craft when it left its moorings were a civilian engineer, E. B. Campbell, of Sausalito, who had been employed for three weeks to run the launch, and an unidentified soldier.

With his soldier passenger Campbell left Fort McDowell at 5 o'clock Sunday afternoon, supposedly en route to San Francisco. The last trace that military authorities have been able to get of the small craft was when it was sighted off Alcatraz Island an hour later. As the weather of Sunday was exceptionally clear, authorities do not believe that the launch collided with another craft and was sunk.

The launch, which was painted white and had on its stern "Customs No. 89-B," had a covered back with accommodations for fourteen persons, and was encircled with an iron railing, and had a false funnel painted black.

TRIBUNE'S RADIO WILL BROADCAST PIANO CONCERT

Pupils of Letitia Anna Miller
On Tonight's Program;
Rhymed Stories, Too.

A piano concert by pupils of Letitia Anna Miller, teacher of violin and piano, and stories in rhyme by Miss Rosalie Harrison, who will also render two vocal solos, will make up the program to be broadcast this evening between 8 and 9 o'clock from Radio KIX, The TRIBUNE'S radiophone station. The pupils of this well-known teacher have been selected from the best and the concert was especially arranged for the broadcast this evening.

The pupils who will take part are: Mary, Winifred and Joseph Connolly, composing the Connolly Trio; Dorothy Stevenson, Charles Oxford Dull and Tom and Richard Stevenson. Mrs. Miller is a former member of the Valsesca-Schubert string quintet, which completed a successful concert tour some time ago. She studied ensemble for some years with Nathan Laubscher and Otto Bendix, a pupil of Liszt. She has made ensemble and orchestra work a life study. She is a pianist of considerable ability, having accompanied some of the greatest artists. In presenting her pupils tonight, she has chosen only those whose work she believes will be a revelation of what may be done with youngsters who are given the proper instruction.

Miss Rosalie Harrison needs no introduction to the radio audience. She is probably as well known as

Radio Proves Aid For 'Big Business'

CHICAGO, Feb. 27.—An adjunct to "big business" was the new rank achieved today by the radiophone. Through that agency yesterday proceedings of the annual stockholders meeting of the Commonwealth Edison company of Chicago were broadcast to thousands of the approximately 25,000 Chicago owners and 600,000 customers.

At least one listener who "attended" his first such meeting via a 45 radiophone expressed astonishment at the ease and facility with which a \$20,000,000 increase in capitalization to \$100,000,000 was voted. The matter of many millions was disposed of within five minutes.

It was said to have been the first time that proceedings of an important stockholders meeting had been broadcast.

Committee Visits Site For Pythian Home

MODESTO, Feb. 27.—Nine members of the home site committee of the Knights of Pythias, including Speaker Merriam of the State Assembly, went to Waterford, in this county, today to inspect again the site offered there for the proposed Pythian home.

This site, composed of 100 acres, twenty of which have been donated by T. A. Beard, was favored by the committee last year, but final decision in favor of it was held up when last-minute offers were made by other localities.

A committee of Twin Town lodge, Knights of Pythias, composed of Al J. Jamison, Earle Hall, Joseph Horsley and Earnest Whitney, met the visiting committee.

Court Summons Men Late in Paying Fines

SQOR, Feb. 27.—Thirteen liquor law violators who were some time ago given time in which to pay their fines, having failed to make good, have been summoned into court by Superior Judge J. T. B. Warner to tell why they are behind in their payments. The date set is March 2. Judge Warner says the system of partial payments on liquor cases is not altogether a success.

ALLIES GRANTING TO TURK DEMAND

French and Italy Follow the
British Lead in Taking
Ships From Smyrna.

CONSTANTINOPLE, Feb. 27.—The allied powers are making repeated concessions to the Turks in an effort to induce the national assembly at Ankara to ratify the Lausanne peace treaty. The French and Italian high commissioners, following the action of the British, today informed Adnan Bey that their governments were withdrawing warships from Smyrna harbor. Great Britain, France and Italy are now maintaining only one small warship apiece in Smyrna harbor. The situation at Ankara is clouded and a censorship is adding to the uncertainty. It is known that leading members of the Turkish cabinet are attempting to have the Lausanne treaty ratified. It was reported that the two factions may agree upon counter proposals to the allies.

ROME, Feb. 27.—(By The Associated Press.)—Gabriele d'Annunzio has accepted the post of honorary generalissimo of the Turkish army, according to the newspaper here. D'Annunzio had sent an address to his new comrades in arms with his signature in Turkish characters. The Kemalists brought him his insignia and equipment of his rank, which carries with it the title of pasha. The poet soldier donned the red fez and told the Turks that he was ready to give up his honorary position and become an effective in the active service if needed.

Mayor Rolph Asked To Be Candidate

SAN FRANCISCO, Feb. 27.—A formal request that Mayor James Rolph again be a candidate for mayor of San Francisco was made yesterday by representatives of the San Francisco division of the California State Hotel Men's association. Resolutions to this effect were passed by the hotel men some days ago, but were not presented in person until yesterday.

Eva Fay, Famous Medium, to Give Tribune Readers Recipe for 'Spooks'

SPIRITS IN EVERY
HOME EASY, SAYS
SPIRITUALIST

EVA FAY, celebrated medium, author of a fascinating series of articles on how to create "spirits at home," starting in The TRIBUNE Sunday.

Reverence, Darkness, Silence
Are Essential, Claims
Writer.

Passwords to spiritland, the key to the superworld, a method by which TRIBUNE readers may create their own "spooks" at home—these things feature a fascinating series of articles written by Eva Fay, celebrated medium, which will appear in this paper beginning next Sunday.

Eva Fay, in her TRIBUNE article, declares that home-made spirits can be created for the amusement, entertainment and instruction of the family circle. No home is complete without its spirit, says Eva Fay. The voices from the etherworld can be heard about the fireside just as clearly and distinctly as the messages that come whispering out of the air through radio instruments.

"RECIPE" GIVEN.
Eva Fay's recipe for home-made spirits is as follows:
"Wise men investigate, fools decide. The three things that the investigator must possess are sympathy, open-mindedness and sincerity. Darkness, silence, the presence of those attuned to the rhythm of the universe and patience are essential qualities. The sitters must hold hands."
"Every human being is under the influence of one who has gone before," says Eva Fay, who has been one of the most noted mediumistic fakirs for a quarter of a century. "The slightest hint of frivolity, irreverence or skepticism in the mind of even one of the participants in the seance will be sufficient to prevent a successful accomplishment."

Eva declares that in every American home there can be established a spirit radio. No instruments need be bought. No aerial need be constructed. One doesn't need a loud speaker to magnify the sounds. All that is necessary is to get in rapport with the infinite, to attain a consciousness of the absolute, to reach out with the soul

and make a contact with a divine effluvia in which every one is immersed.

"MIRROR EXPERIMENTS."
"Spirit mirror" experiments can be performed in a hall bedroom. One must repeat four passwords to put one in sympathy with the superworld. These are the passwords to the white shadowland. Cover the surface of the mirror with suds. Follow out the rest of Eva Fay's instructions as contained in her TRIBUNE articles and pres-

ent and make a contact with a divine effluvia in which every one is immersed.

CHILD MURDERER GUIDED TO BODY IN ICE TO BODY IN ICE

Man Confesses Slaying Girl,
6, and Aka for "Smoke"
in Same Breath.

PHILADELPHIA, Feb. 27.—(By International News Service.)—"I would gladly aid in tearing you limb from limb," Magistrate Holland today told Wylie F. Morgan, confessed slayer of 6-year-old Lillian Gilmore. "Take him out of my sight or I'll lose control of myself," he added, his voice choking with emotion. Magistrate Holland afterwards said he wished it were possible to hand Morgan over to the crowd for revenge.

PHILADELPHIA, Feb. 27.—(By The Associated Press.)—While a crowd of men and women on the street shouted for swift justice, Wylie F. Morgan, slayer of 6-year-old Lillian Gilmore, today was held without bail in a police station in the northeastern part of the city. When he was removed from the station to a prison van, to be taken to the city prison, a shower of stones and other missiles were hurled at the frightened prisoner. No one was struck and no arrests were made.

PHILADELPHIA, Feb. 27.—(By International News Service.)—With the finding of the body of Lillian Gilmore, last night in the icy waters of Neshaminy creek, near Crofton, Pa., a legal battle developed today between Philadelphia and Bucks county authorities for possession of Wylie F. Morgan, 33, confessed slayer of the child. Dorothy Gilmore, 4, sister of the dead child, who also was in Morgan's motor car on the fatal trip Saturday, was brought into his cell in an effort to break his stolid indifference. Finally he nonchalantly remarked to a police sergeant:

"Well, here goes, the worst I can get is the electric chair."

"I had to put the kid somewhere," in answer to why he had selected such a spot. "Anybody got a cigarette?"

Stumbling out of the car that had gone over his previous routes, Morgan was pushed along until the bank of the creek was reached. With flashlights the party explored the place until Morgan suddenly remarked: "There!" pointing to a hole in the ice.

On the return to the police station a mob threatened Morgan, but was dispersed.

SIGNED CONFESSION
PHILADELPHIA, Feb. 27.—Further details of the confession in which Wylie "Texas" Morgan admitted having kidnaped and killed six-year-old Lillian Gilmore last Saturday were promised by the police today.

Morgan made a lengthy signed statement, the police said, setting forth in detail how he had lured Lillian and her sister Dorothy, four, from their home on the pretext of taking them for an automobile ride, how he had taken them to a vacant lot; how the older had died and how he had taken her body to the isolated spot twenty miles north of Philadelphia in the hope that it would not be discovered. After laying Lillian's body along the bank of the stream, he told the police that he had returned to the city with Dorothy and put her out of the car within a few blocks of her home. "I am glad they have found her," Mrs. Robert Gilmore, the mother said later. "It would have been terrible to think that my little one was alive somewhere, perhaps in need of help which we would be unable to give her."

MAN ROBS MOTHER
SAN FRANCISCO, Feb. 27.—William Osberg, of 111 Stockton street, and David Robertson, ex-convict, said to have served 13 full terms including five years in San Quentin penitentiary, were arrested today, charged with grand larceny. According to the arresting officers the two men went to the home of Osberg's mother, Mrs. Kathleen Osberg, 1833 Florida street, broke open a strong box containing \$260 in coin and \$500 in jewelry, which they shared.

STATE OFFICERS OF REALTY MEN OF REALTY MEN VISIT BERKELEY

Automobile Tour of City and
Banquet Feature Program
of Entertainment.

BERKELEY, Feb. 27.—A delegation of officers of the Real Estate Association of California arrived here today, and were taken on an automobile tour through Berkeley as guests of the Berkeley Realty board. They will be entertained tonight at a banquet, which will be presided over by James McCrossen, president of the local Realty board. There will be an elaborate entertaining program and speeches by representative citizens of the college city. Henry Wolbold is in charge of the entertainment features. C. C. Juster, past president of the State association, will address the present State officers as the representative of the Berkeley Realtors.

The great development of Berkeley in recent years and the part played by the Realtors in accomplishing this will be told by the visitors, and a general discussion will be held on the problems of still bettering conditions. The purpose of the tour of the State officers is to learn how the different communities in California handle their development projects. The officers that will be guests of honor at the banquet will include: Frazier C. Reed, San Jose, president; Glenn D. Willaman, Los Angeles, managing director; Henry

FIRE DESTROYS WILLIAM HOTEL WILLIAM HOTEL

WILLIAM HOTEL
WILLIAM HOTEL

BY UNITED PRESS.
LEARNED WIRE TO TRIBUNE.
WILLIAMS, Cal., Feb. 27.—Fire early this morning destroyed the Williams hotel, a two-story frame building housing the Williams post-office and a number of stores and business offices. Lives of a number of persons asleep in the hotel when the fire started were endangered by the flames. No one was injured. The fire apparently started in the rear of the place, either in the kitchen or the tankhouse, close behind the hotel. It was fanned by a strong north wind and raged for about four hours before it was brought under control. The Arbutus fire department arrived in Williams about two hours after the fire started and helped fight the flames.

The hotel was owned by Mrs. Belle Moore. In the same building was the printing office of the Williams Farmer, the postoffice, millinery store of Mrs. C. K. Sweet and the offices of H. H. Roterach, A. F. Webster and A. V. Levy. The cause of the fire has not been determined. So far no estimate of loss has been made.

Bay District Of Missing

MARTINEZ, Feb. 27.—The death of F. M. Burrell, 64, old, an employee of the W. Pipe and Steel company, body was found on the mud off Martinez last night by B. Gabolinski, 16 years old, who had been employed on a stevedore at the Shell Oil company. His roommate, William Wood, stated an inquiry that Burrell had been taken to the hospital. From letters found among his effects his home is believed to have been at Dunkirk, N. Y.

BANK DIRECTORS VICTORS IN COURT

SAN FRANCISCO, Feb. 27.—The United States circuit court of appeals disagrees on the measure of responsibility and knowledge of a bank's affairs a director of the institution is presumed to have under the law in order to safeguard the interests of depositors.

The majority opinion of the court in the case on appeal concurred with the district court at Portland that the officers and directors of the Kelso State Bank of Kelso, Wash., now defunct, committed no fraud when they accepted a deposit of \$24,110.32 from the treasurer of Cowlitz county, Washington, a few days before the bank was ordered to close its doors with only \$18,000 in tangible assets.

Justice F. M. Ross in a dissenting opinion held that the president and directors of the bank committed fraud in accepting the deposit from the county authorities and that the surety under which the county was "insured—the Fidelity and Deposit Company of Maryland and the Maryland Casualty company—should be permitted to recover from the directors of the defunct Kelso State bank.

The surety companies paid Cowlitz county \$64,400.96 after the bank failed, having given bonds for the bank for the safekeeping of coin deposited by the county in the Kelso bank and brought suit against the directors of the bank to recover the deposit made by the county a few days before the bank failed. The district court held that no fraud was committed and the judgment was sustained yesterday.
